

# Your voice...

What you told us about our outpatient services through our patient survey and how each of our hospitals performed

## What you told us about the **DIGNITY OF CARE** YOU RECEIVED

*What dignity means to patients in our care...*

*'Being addressed the way I want to be addressed. Being asked, not told. Having people working with me. Respecting my choices, my decisions. And if I'm able to control my situation, being allowed to do that without being judged and being seen as difficult that is dignity.'*
