

Register of interests – Board of Directors

The register of directors' interests is constructed and maintained pursuant to Section 20 of Schedule 1 of the Health and Social Care (Community Health and Standards Act 2003).

All existing directors (including non-executive directors) should declare relevant and material interests. Any directors appointed subsequently should do so on appointment. If directors have any doubt about the relevance or materiality of an interest, this should be discussed with the Chairman.

The purpose of the register is to disclose information relating to any monetary interest (or other personal or professional material benefit) or conflict of interest to which a director is subject which may reasonably be thought - by any other person - to influence his or her actions in the performance of his or her duty as a director of Northumbria healthcare NHS Foundation Trust.

Entries in the register are required to be clear in their description of the nature and scope of interests. Directors are responsible for providing accurate and clear content for their individual entry in the register.

Board member	Position	Description of interest	Gifts	Sponsorship
